

# PKDCON Research Symposium

## Mark your Calendar/Call for Abstracts

The PKD Foundation is holding its 2023 PKD Connect Conference in Denver, CO June 23-24, 2023.

**We will have a PKD Research Symposium on Saturday, June 24** and invite our researcher community to attend and present their latest research to the scientific community as well as patients and their families.

To prepare, the Foundation is requesting submissions of research abstracts to be considered for both the oral breakout presentations and the poster session.

PKDCON session themes:

- Dietary Interventions and Metabolism
- Genetic Medicines in Cystic Diseases
- Role of the Cyst Microenvironment in PKD
- ARPKD and Cystic Diseases in Children

*Research topics **do not need to belong** to these categories to be considered for presentations; we encourage you to submit any relevant research if you can speak to the translational capacity to a partially patient-facing audience.*

## Deadline: February 24, 2023

Email [eliseh@pkdcure.org](mailto:eliseh@pkdcure.org) for abstract application information or submission questions.  
Abstract submission website: <https://forms.office.com/r/vvBzsifY6z>.
